Resource Information

URL: <http://www.med.upenn.edu/molecular/>

Proper Citation: University of Pennsylvania Center for Molecular Studies in Digestive and Liver Diseases (RRID:SCR_015617)

Description: Center that aims to unite investigators with interests in digestive, liver and pancreatic physiology and disease in the exploration of creative experimental approaches. The scientific focus of the Center revolves around the molecular controls of cellular growth and differentiation in the digestive tract, liver and pancreas with the goal of achieving a new level of integration in biology, pathobiology, and therapy.

Abbreviations: UPCMSDLD

Resource Type: data or information resource, disease-related portal, organization portal, portal, topical portal

Keywords: digestive disease, liver disease, pancreatic disease, physiology, experimental study, pathobiology, therapy

Related Condition: digestive disease, liver disease, pancreatic disease

Funding: NIDDK P30 DK050306

Availability: Available to the research community

Resource Name: University of Pennsylvania Center for Molecular Studies in Digestive and Liver Diseases

Resource ID: SCR_015617

Record Creation Time: 20220129T080326+0000

Record Last Update: 20260905T132756+0000

Ratings and Alerts

No rating or validation information has been found for University of Pennsylvania Center for Molecular Studies in Digestive and Liver Diseases.

No alerts have been found for University of Pennsylvania Center for Molecular Studies in Digestive and Liver Diseases.
