Clinical Trials in Organ Transplantation (CTOT) (RRID:SCR_015859)

Resource Information

URL: <http://www.ctotstudies.org>

Proper Citation: Clinical Trials in Organ Transplantation (CTOT) (RRID:SCR_015859)

Description: Project portal for a cooperative research program to improve short and long-term graft and patient survival. CTOT is an investigative consortium for conducting clinical and associated mechanistic studies that will lead to improved outcomes for transplant recipients.

Abbreviations: CTOT

Synonyms: Clinical Trials in Organ Transplantation

Resource Type: consortium, data or information resource, organization portal, portal, project portal

Keywords: graft, graft patient, patient survival, clinical study, transplant, transplant recipient, mechanistic study

Funding: NIAID UM2 AI117870

Availability: Public, Available to the scientific community

Resource Name: Clinical Trials in Organ Transplantation (CTOT)

Resource ID: SCR_015859

Record Creation Time: 20220129T080327+0000

Record Last Update: 20260905T132800+0000

Ratings and Alerts

No rating or validation information has been found for Clinical Trials in Organ Transplantation (CTOT) .

No alerts have been found for Clinical Trials in Organ Transplantation (CTOT) .
