Big Data Processor

RRID:SCR_018484

Type: Tool

Proper Citation

Big Data Processor (RRID:SCR_018484)

Resource Information

URL: <https://github.com/embl-cba/fiji-plugin-bigDataProcessor/blob/master/README.md>

Proper Citation: Big Data Processor (RRID:SCR_018484)

Description: Software tool for visual inspection and processing of big image data. Enables loading of Tiff and Hdf5 based image data. BDC supports cropping and saving of big image data including binning and bit depth conversion. Used for analysis of TB sized image data like light sheet microscopy or electron microscopy.

Abbreviations: BDP

Resource Type: data processing software, image analysis software, image processing software, software application, software resource

Keywords: Image, image processor, data processor, data, processing, analysis, image data, microscopy

Availability: Free, Available for download, Freely available

Resource Name: Big Data Processor

Resource ID: SCR_018484

Alternate URLs: <https://github.com/embl-cba/fiji-plugin-bigDataProcessor>

Record Creation Time: 20220129T080340+0000

Record Last Update: 20260905T132837+0000

Ratings and Alerts

No rating or validation information has been found for Big Data Processor .

No alerts have been found for Big Data Processor .
