Proper Citation: University of Minnesota University Imaging Centers Core Facility (RRID:SCR_020997)

Description: Center composes network of core imaging facility locations for advanced optical imaging and basic electron microscopy located within the AHC/Medical School (1-151 Jackson Hall, Minneapolis) and College of Biological Sciences (23 Snyder Hall, St. Paul) on the University of Minnesota Twin Cities Campus. UIC cores serve internal and external research clients in design of imaging experiments, choice of and training on suitable imaging systems, and subsequent image processing, visualization and analysis. Provides advanced imaging systems including macro spectral confocal microscopy, wide-field light and fluorescence microscopy, spinning disk confocal, laser-scanning confocal microscopes, multi photon/Second Harmonic Generation microscopes, total internal reflectance microscope, laser capture micro-dissection, live cell imaging systems, scanning and transmission electron microscopy, whole animal fluorescence, bioluminescence and chemiluminescence imagers, gel, print and film scanners, poster printers, full sample preparation capabilities.

Abbreviations: UIC

Synonyms: University Imaging Centers, Minnesota University Imaging Centers, University of Minnesota Imaging Centers

Resource Type: access service resource, core facility, service resource

Keywords: USEdit, imaging facility, electron microscopy, University of Minnesota Twin Cities Campus, ABRF

Availability: open

Resource Name: University of Minnesota University Imaging Centers Core Facility

Resource ID: SCR_020997

Alternate IDs: ABRF_466

Alternate URLs: <https://coremarketplace.org/?FacilityID=466>

Old URLs: <http://www.uic.umn.edu>

Record Creation Time: 20220129T080353+0000

Record Last Update: 20260905T133420+0000

Ratings and Alerts

No rating or validation information has been found for University of Minnesota University Imaging Centers Core Facility.

No alerts have been found for University of Minnesota University Imaging Centers Core Facility.
