Proper Citation: University of Pennsylvania Perelman School of Medicine Cell Center Services Core Facility (RRID:SCR_022391)

Description: Facility provides basic cell culture training and services in various cell culture and related procedures e.g. Mycoplasma and Endotoxin testing. Services include cell culture at various scales, expansion of primary cells, seed cell cultures from on site cell bank, cell storage; large scale growth of hybridoma and other cell lines followed by antibody purification by protein G column or recombinant protein production; EBV induced transformation of lymphocytes. Offers hybridoma generation by cell fusion and screening and, transfection of mammalian cells. Facility prepares specialized cell culture media, Drosophila media and, various tissue culture and molecular biological reagents.

Synonyms: Cell Center Services Facility, University of Pennsylvania Perelman School of Medicine Cell Center Services Facility

Resource Type: access service resource, core facility, service resource

Keywords: USEDit, ABRF

Resource Name: University of Pennsylvania Perelman School of Medicine Cell Center Services Core Facility
