Proper Citation: Emory University Emory Integrated Metabolomics and Lipidomics Core Facility (RRID:SCR_023527)

Description: Provides quantitative analysis of lipids and soluble metabolites using cutting-edge mass spectrometry methods as a service to both clinical and basic biomedical research efforts. We deliver quantitative lipidomics and metabolomics analyses on samples from a wide variety of biological matrices, e.g. blood, serum, plasma, solid tissues, fecal/urine samples, cell extracts, etc., to support both clinical and basic research efforts.

Abbreviations: EILMC, EILC

Synonyms: Emory Integrated Lipidomics Core, Emory Integrated Metabolomics & Lipidomics Core, Emory University Emory Integrated Metabolomics and Lipidomics Core

Resource Type: access service resource, core facility, service resource

Keywords: USEDit, ABRF, quantitative lipidomics analyses, lipid samples,

Resource Name: Emory University Emory Integrated Metabolomics and Lipidomics Core Facility

Resource ID: SCR_023527

Alternate IDs: ABRF_1744

Alternate URLs: <https://coremarketplace.org/?FacilityID=1744&citation=1>,
<https://www.cores.emory.edu/eilc/>

Record Creation Time: 20230503T050210+0000

Record Last Update: 20260905T133435+0000

Ratings and Alerts

No rating or validation information has been found for Emory University Emory Integrated Metabolomics and Lipidomics Core Facility.

No alerts have been found for Emory University Emory Integrated Metabolomics and Lipidomics Core Facility.
