Proper Citation: ABAnnotate (RRID:SCR_023833)

Description: Software toolbox for ensemble-based multimodal gene-category enrichment analysis of human neuroimaging data. Performs ensemble-based gene-category enrichment analysis on volumetric human neuroimaging data via brain-wide gene expression patterns derived from Allen Human Brain Atlas. Utilizes nonparametric method using spatial autocorrelation-corrected phenotype null maps for estimation of gene-category null ensembles.

Resource Type: software resource, software toolkit, source code

Keywords: Allen Human Brain Atlas, human neuroimaging data analysis, gene expression patterns, volumetric human neuroimaging data, gene-category null ensembles estimation,

Availability: Free, Available for download, Freely available

Resource Name: ABAnnotate

Resource ID: SCR_023833

License: GNU GPL v3.0
