Proper Citation: Leica: STELLARIS 8 microscope (RRID:SCR_024664)

Description: STELLARIS 8 microscope with core system addition of spectrum WLL and specialized detector options of Power HyD family to expand range of confocal applications. Can be combined with all Leica Microsystems modalities, including FALCON, Deep In Vivo Explorer (DIVE), STED, Digital Light Sheet (DLS) and CARS. STELLARIS 8 new features maximize the potential of these modalities.

Resource Type: instrument resource
