Description: United States based educational platform dedicated to changing research culture by providing comprehensive educational materials, promoting best practices, and fostering a community committed to improving research reliability. Helps researchers learn and implement scientific rigor, such as proper experimental design, avoiding bias, and statistical analysis. Offers modules that address common issues such as experimental design, causal inference, avoiding statistical fallacies, and writing transparently reproducible code.

Synonyms: , C4R: Community for Rigor, Community for Rigor

Resource Type: data or information resource, organization portal, portal

Keywords: educational platform, changing research culture, providing educational materials, promoting best practices, improving research reliability,

Funding: NINDS

Availability: Free, Freely available

Resource Name: C4R

Resource ID: SCR_028702

Record Creation Time: 20260721T194536+0000

Record Last Update: 20260912T200557+0000
