Proper Citation: Brown University BUH-COBRE Translational and Transformative Core Facility (RRID:SCR_028750)

Description: The BUH-COBRE Translational & Transformative Research Core is a shared research resource of the COBRE on Opioids and Overdose at Brown University Health. The Core supports the translation of research findings into clinical practice, community implementation, and public health impact. Services include qualitative research consultation, implementation and dissemination support, development of recruitment and educational materials, video production services, access to specialized research resources, and drug-checking research support.
