Proper Citation: RRID:RGD_68050

Description: Rattus norvegicus with name IIM from RGD.

Species: Rattus norvegicus

Notes: Set of nine strains bred as parallel strains from a single outbred colony maintained by B. Houssay in 1948. All strains were selected for large body weight and high fertility. One strain designated Beta IIM (RGD:40924649) derived from line 'b' became obese with mild glucose intolerance and glycosurea in older obese rats (Calderari et al 1987). Alpha IIM (RGD:40924650) was used as a control strain in study.

Catalog Number: 68050

Background: inbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Unknown

Alternate IDs: 68050

Organism Name: IIM

Record Creation Time: 20230509T191927+0000

Record Last Update: 20260725T194229+0000

Ratings and Alerts

No rating or validation information has been found for IIM.
