Proper Citation: RRID:RGD_68137

Description: Rattus norvegicus with name SHHF from RGD.

Species: Rattus norvegicus

Notes: JE Miller of GD Searle to Sylvia McCune in 1983. Corpulent gene (cp) partially backcrossed to SHR/N, followed by brother x sister mating (with some exceptions). Originally designated SHR/N-cp, but re-named to avoid confusion with the strain described by Michaelis and Hansen (1990) which has been backcrossed to N14. Strain is maintained by matings of proven cp/+ heterozygotes, and in some cases cp/cp homozygous males have proved to be fertile.

Catalog Number: 68137

Background: inbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Unknown

Alternate IDs: 68137

Organism Name: SHHF

Record Creation Time: 20230509T191929+0000

Record Last Update: 20260725T194233+0000

Ratings and Alerts

No rating or validation information has been found for SHHF.
