Proper Citation: National Addiction and HIV Data Archive Program (NAHDAP) (RRID:SCR_000636)

Description: Archive that acquires, preserves and disseminates data relevant to drug addiction and HIV research. Collection of data on drug addiction and HIV infection in United States. Most of datasets are raw data from surveys, interviews, and administrative records. They were originally gathered in research projects and for administrative purposes. Some datasets have been used in published studies. Bibliographies of these studies are available. Provides access to research data and technical assistance for data depositors. Provides e-workshops on data preparation and data systems.
