**Description:** Registry and results database of federally and privately supported clinical trials conducted in United States and around world. Provides information about purpose of trial, who may participate, locations, and phone numbers for more details. This information should be used in conjunction with advice from health care professionals. Offers information for locating federally and privately supported clinical trials for wide range of diseases and conditions. Research study in human volunteers to answer specific health questions. Interventional trials determine whether experimental treatments or new ways of using known therapies are safe and effective under controlled environments. Observational trials address health issues in large groups of people or populations in natural settings. ClinicalTrials.gov contains trials sponsored by National Institutes of Health, other federal agencies, and private industry. Studies listed in database are conducted in all 50 States and in 178 countries.

**Abbreviations:** ClinicalTrials.gov

**Synonyms:** ClinicalTrials.gov, ClinicalTrials, Clinical Trials gov, Clinical Trials Database, Clinicaltrials.gov: A Service Of The National Institutes Of Health

**Resource Type:** storage service resource, database, catalog, service resource, clinical trial, data or information resource, data repository

**Defining Citation:** PMID:27631620

**Keywords:** clinical trial, intervention, treatment, therapy, observation, drug, adverse event, result, outcome, data set, FASEB list
Funding Agency: NIH, NLM
Availability: Free, Freely available
Resource Name: ClinicalTrials.gov
Resource ID: SCR_002309
Alternate IDs: nif-0000-21091, OMICS_01792
