Type: Tool

Proper Citation

dbVar (RRID:SCR_003219)

Resource Information

Proper Citation: dbVar (RRID:SCR_003219)

Description: Structural variation database designed to store data on variant DNA \( \geq 1 \) bp in size from all organisms. Associations of defined variants with phenotype information is also provided. Users can browse data containing number of variant cells from each study, and filter studies by organism, study type, method and genomic variant. Organisms include human, mouse, cattle and several additional animals.

Abbreviations: dbVar

Synonyms: NCBI dbVar, Database of Genomic Structural Variation, dbVar

Resource Type: database, service resource, data repository, data or information resource, storage service resource

Defining Citation: PMID:23193291

Keywords: structure, variation, structural variation, genetics, insertion, deletion, copy number variant, inversion, translocation, genomic imbalance, genotype, gene expression, dna, genomics, phenotype, genetic code

Availability: Free, Freely available

Resource Name: dbVar

Resource ID: SCR_003219

Alternate IDs: nlx_157217
Ratings and Alerts

No rating or validation information has been found for dbVar.

No alerts have been found for dbVar.
