**Proper Citation:** DataStaR (RRID:SCR_006381)

**Description:** A single library software prototype transitioning to an open-source platform ready for adoption and extension at other institutions wishing to provide research data sharing and discovery services. Datastar’s ability to expose metadata about research datasets in a standard semantic format called Linked Data will be enhanced to support selective interchange of related information with VIVO, an open-source semantic researcher networking tool gaining prominence through adoption at multiple U.S. universities, in the federal government, and internationally.

**Abbreviations:** DataStaR.PNG

**Synonyms:** Data Staging Repository, Data StaR

**Resource Type:** software resource, software application, data management software

**Keywords:** registry, data sharing, platform, linked data, metadata standard, semantic, collaboration, publish, archive, metadata, data archive

**Funding Agency:** U.S. Institute of Museum and Library Services, NSF

**Availability:** Open unspecified license

**Resource Name:** DataStaR

**Resource ID:** SCR_006381

**Alternate IDs:** nlx_152162
