**Proper Citation:** Debian (RRID:SCR_006638)

**Description:** Debian is Linux distribution composed of free and open source software, developed by community supported Debian Project, which was established by Ian Murdock on August 16, 1993. Debian comes with over 59000 packages (precompiled software that is bundled up in nice format for easy installation on your machine), package manager (APT), and other utilities that make it possible to manage thousands of packages on thousands of computers as easily as installing single application.

**Abbreviations:** Debian

**Synonyms:** Debian - The universal operating system, Debian GNU/Linux

**Resource Type:** source code, software resource, database, data or information resource, software repository

**Keywords:** operating system, software package, FASEB list

**Availability:** Free, Freely available

**Resource Name:** Debian

**Resource ID:** SCR_006638

**Alternate IDs:** nlx_151598
