## ATG16L1 antibody

RRID:AB\_10730890

Type: Antibody

### Proper Citation

GeneTex Cat# GTX88747, RRID:AB\_10730890

### Antibody Information

**URL:** [http://antibodyregistry.org/AB\\_10730890](http://antibodyregistry.org/AB_10730890)

**Proper Citation:** GeneTex Cat# GTX88747, RRID:AB\_10730890

**Target Antigen:** ATG16L1 antibody

**Host Organism:** goat

**Clonality:** polyclonal

**Comments:** Discontinued; manufacturer recommendations: ELISA. Preliminary experiments gave an approx 48kDa band in Human Kidney, Liver and Spleen lysates after 0.3µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the band we observe given the calculated size of 68.3kDa according to NP\_110430.5 and of 66.3kDa according to NP\_060444.3. The 48kDa band was successfully blocked by incubation with the immunizing peptide. We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? This antibody is expected to recognise both reported isoforms (NP\_110430.5 and NP\_060444.3).; ELISA

**Antibody Name:** ATG16L1 antibody

**Description:** This polyclonal targets ATG16L1 antibody

**Target Organism:** rat, rat. dog, canine, mouse, human

**Antibody ID:** AB\_10730890

**Vendor:** GeneTex

**Catalog Number:** GTX88747

**Record Creation Time:** 20250819T230919+0000

## Ratings and Alerts

No rating or validation information has been found for ATG16L1 antibody.

**Warning:** Discontinued at GeneTex

Discontinued; manufacturer recommendations: ELISA. Preliminary experiments gave an approx 48kDa band in Human Kidney, Liver and Spleen lysates after 0.3µg/ml antibody staining.
