pUC18R6KT-mini-Tn7T-Km

RRID:Addgene_64969

Type: Plasmid

Proper Citation

RRID:Addgene_64969

Plasmid Information

URL: <http://www.addgene.org/64969>

Proper Citation: RRID:Addgene_64969

Bacterial Resistance: Ampicillin and Kanamycin

Defining Citation: [PMID:15908923](#)

Vector Backbone Description: Backbone Marker:Herbert Schweizer; Vector Backbone:pUC18R6KT-mini-Tn7T; Vector Types:Bacterial Expression; Bacterial Resistance:Ampicillin and Kanamycin

Comments: The uncut plasmid runs as a multimer (>10kb). Multimerization often does not impact plasmid function, but may reduce transformation efficiencies. If the monomer is needed, you might consider linearizing, gel extracting, re-ligating, and transforming the plasmid.

Plasmid Name: pUC18R6KT-mini-Tn7T-Km

Record Creation Time: 20220422T222410+0000

Record Last Update: 20260829T080854+0000

Ratings and Alerts

No rating or validation information has been found for pUC18R6KT-mini-Tn7T-Km.

No alerts have been found for pUC18R6KT-mini-Tn7T-Km.
