pET24b-APEX2

RRID:Addgene_111702

Type: Plasmid

Proper Citation

RRID:Addgene_111702

Plasmid Information

URL: <http://www.addgene.org/111702>

Proper Citation: RRID:Addgene_111702

Insert Name: APEX2

Organism: Other

Bacterial Resistance: Kanamycin

Defining Citation: [PMID:29708735](#)

Vector Backbone Description: Backbone Marker:Novagen; Vector Backbone:pET24b; Vector Types:Bacterial Expression; Bacterial Resistance:Kanamycin

Comments: This plasmid is for IPTG-inducible expression of APEX2 in the E. coli cytoplasm. The APEX gene was subcloned from pcDNA3-mito-APEX and subsequently mutated by site-directed mutagenesis to generate the optimized variant APEX2. Directed evolution of APEX2 for electron microscopy and proximity labeling. Nat Methods. 2015;12(1):51-4. PMCID: 4296904

Plasmid Name: pET24b-APEX2

Record Creation Time: 20220422T221544+0000

Record Last Update: 20260808T080442+0000

Ratings and Alerts

No rating or validation information has been found for pET24b-APEX2.

No alerts have been found for pET24b-APEX2.
