Proper Citation: Myeloma Tissue Bank (RRID:SCR_004291)

Description: Until recently, a scarcity of high-quality myeloma tissue has posed one of the greatest challenges in advancing myeloma research and drug development. Now, with the successful establishment of the MMRC Tissue Bank, researchers for the first time have access to the critical mass of high-quality tissue needed to rapidly validate novel and combination therapies for myeloma. The MMRC Tissue Bank is the only resource of its kind that integrates myeloma tissue samples with corresponding genomic and clinical data. To date, the MMRC Tissue Bank has accrued more than 2,700 samples with matching peripheral blood samples, with ongoing collection of tissue samples at Member Institutions nationwide. To further accelerate accrual, the MMRC has also launched a direct-to-patient program to enable myeloma patients to donate their tissue to the MMRC Tissue Bank. Notably, all tissue accrued into the MMRC Tissue Bank is uniformly collected and stored in adherence with Good Laboratory Practices (GLP) standards and under the governance of more than 50 standard operating procedures. The MMRC has also established a quality assurance unit that performs weekly internal quality assurance reviews and issues quarterly quality assurance reports. In addition, the MMRC Tissue Bank has been audited twice by external organizations since its inception last year. With these stringent practices in place, the MMRC has ensured that all tissue samples in the MMRC Tissue Bank are of the very highest-quality and, as such, has quickly become the premier resource for industry seeking fresh tissue samples to initiate strong validation work.

Abbreviations: MMRC Tissue Bank

Synonyms: Multiple Myeloma Research Consortium Tissue Bank, MMRC Model: Myeloma Tissue Bank

Resource Type: biomaterial supply resource, material resource, tissue bank

Related Condition: Myeloma

Resource Name: Myeloma Tissue Bank

Resource ID: SCR_004291

Alternate IDs: nlx_30783

Old URLs: http://www.themmarc.org/model_tissue.php

Record Creation Time: 20220129T080223+0000

Record Last Update: 20260808T190353+0000

Ratings and Alerts

No rating or validation information has been found for Myeloma Tissue Bank.
