Proper Citation: University of South Florida Department of Molecular Pharmacology and Physiology (RRID:SCR_006344)

Description: The Department of Molecular Pharmacology and Physiology supports the vision and goals of USF Health and the School of Biomedical Sciences. Our mission is to offer outstanding educational opportunities to medical students, graduate students, and fellows and to perform innovative biomedical research. Research in the Department is focused on interdisciplinary approaches to the study of the nervous and cardiovascular systems and related disorders, including Alzheimer's disease and other neurodegenerative disorders, cardiovascular disease and stroke, diabetes, and neuropsychiatric disorders such as depression and drug addiction.

Abbreviations: USF Molecular Pharmacology and Physiology

Synonyms: USF Department of Molecular Pharmacology & Physiology, USF Department of Molecular Pharmacology and Physiology

Resource Type: data or information resource, organization portal, department portal, portal

Resource Name: University of South Florida Department of Molecular Pharmacology and Physiology

Resource ID: SCR_006344

Alternate IDs: nif-0000-02256

Record Creation Time: 20220129T080235+0000

Record Last Update: 20260729T044135+0000

Ratings and Alerts

No rating or validation information has been found for University of South Florida Department of Molecular Pharmacology and Physiology.

No alerts have been found for University of South Florida Department of Molecular Pharmacology and Physiology.
