## Caribbean Primate Research Center

RRID:SCR\_008345

Type: Tool

### Proper Citation

Caribbean Primate Research Center (RRID:SCR\_008345)

### Resource Information

**URL:** <http://cprc.rcm.upr.edu/>

**Proper Citation:** Caribbean Primate Research Center (RRID:SCR\_008345)

**Description:** Center for the study of non-human primates. Its mission is the study and use of non-human primates as models for studies of social and biological interactions and for the discovery of methods of prevention, diagnosis and treatment of diseases that afflict humans. Through the stewardship of three unique facilities—Cayo Santiago Field Station, Sabana Seca Field Station, and the Laboratory of Primate Morphology supports a diverse range of research programs that enhance understanding of primate biology and behavior, with direct applications in biomedical and translational research.

**Abbreviations:** CPRC

**Synonyms:** Caribbean Primate Research Center Program

**Resource Type:** organism supplier, biomaterial supply resource, material resource

**Keywords:** NPRC, NPRC Consortium, ORIP, environment, genetic, antigen, behavior, biological, biomedical, birth, blood, conception, dengue, disease, human, immune system, laboratory, macaca mulatta, macaque, model, monkey, morphology, movement, pathology, primate, reproductive biology, researcher, rh, rhesus, scientific, serological, siv, skeletal system, vaccine, variation, virology

**Funding:** NIH Office of the Director P40 OD012217

**Resource Name:** Caribbean Primate Research Center

**Resource ID:** SCR\_008345

**Alternate IDs:** nif-0000-25870

**Alternate URLs:** <https://orip.nih.gov/comparative-medicine/programs/vertebrate-models>

**Record Creation Time:** 20220129T080246+0000

**Record Last Update:** 20260729T044219+0000
