Proper Citation: American Academy of Neurology (RRID:SCR_012739)

Description: An international professional association of 24,000 neurologists and neuroscience professionals dedicated to promoting the highest quality patient-centered neurologic care. They provide guidance and inspiration through education, information, policy development and advocacy for our members and their patients. The Academy's professional website is only one of the domains associated with the AAN: * TheBrainMatters.org, public & patient education website * m.AAN.com, mobile AAN.com for members * Neurology journal * Neurology Now, patient magazine * Neurology Today, magazine for neurology professionals The AAN is committed to bringing its members the highest quality continuing medical education and professional education opportunities. The Academy's Education programs cover the spectrum of neurological disorders, from the most prevalent to newly emerging issues. The AAN also provides a wide range of program formats, including in-depth print, convenient online, and hands-on workshop options. The AAN Annual Meeting brings together more than 10,000 neuroscience professionals for one of the world's largest neurology gatherings. It has long been a leading showcase for the latest developments in scientific research, and the place to honor peers at the forefront of the work. The AAN offers a variety of publications, news, blogs, jobs, and practice guidelines.
