ropls

RRID:SCR_016888

Type: Tool

Proper Citation

ropls (RRID:SCR_016888)

Resource Information

URL: <http://www.bioconductor.org/packages/release/bioc/html/ropls.html>

Proper Citation: ropls (RRID:SCR_016888)

Description: Software R package for multivariate analysis and feature selection of omics data. Used for visualization, regression, classification, and feature selection of omics data where the number of variables exceeds the number of samples and with multicollinearity among variables.

Abbreviations: R OPLS

Synonyms: R Orthogonal Partial Least Squares

Resource Type: software resource, software application, data analysis software, data processing software

Keywords: multivariate, analysis, feature, selection, omics, data, visualization, regression, classification, variable, exceeds, number, sample, multicollinearity, bio.tools

Availability: Free, Available for download, Freely available

Resource Name: ropls

Resource ID: SCR_016888

Alternate IDs: BioTools:ropls, biotools:ropls

Alternate URLs: <https://bio.tools/ropls>, <https://bio.tools/ropls>, <https://bio.tools/ropls>

Record Creation Time: 20220129T080332+0000

Record Last Update: 20260808T190037+0000

Ratings and Alerts

No rating or validation information has been found for ropls.

No alerts have been found for ropls.
