Proper Citation: GENIST (RRID:SCR_016942)

Description: Software tool as an algorithm to infer gene regulatory networks from spatial and temporal datasets. Spatial dataset or any data that can provide information about coexpression is used by the first step of the algorithm to perform clustering and separate the genes in the network in smaller coexpressed groups. Temporal dataset is used by the second step of the algorithm to infer regulations among the genes, based on Bayesian networks.

Synonyms: Gene Regulatory Network Inference

Resource Type: software resource, software application, data analysis software, data processing software

Keywords: infer, gene, regulatory, network, spatial, temporal, dataset, data, coexpression, clustering, separate, Bayesian

Availability: Free, Available for download, Freely available

Resource Name: GENIST

Resource ID: SCR_016942

Alternate URLs: <https://github.com/madeluis/GENIST/commits/master>

Record Creation Time: 20220129T080332+0000

Record Last Update: 20260808T190240+0000

Ratings and Alerts

No rating or validation information has been found for GENIST.

No alerts have been found for GENIST.
