University of Kentucky College of Medicine Genetic Technologies Core Facility

RRID:SCR_021285

Type: Tool

Proper Citation

University of Kentucky College of Medicine Genetic Technologies Core Facility
(RRID:SCR_021285)

Resource Information

URL: <https://medicine.uky.edu/centers/cobre/genetic-technologies-core>

Proper Citation: University of Kentucky College of Medicine Genetic Technologies Core Facility (RRID:SCR_021285)

Description: Core provides services related to manipulation and delivery of nucleic acids to biological systems. Services include Production and titering of recombinant viral vectors, including Lentiviruses, Adenoviruses, and Adeno associated viruses; Subcloning; Tagging of open reading frames; Development of plasmids and/or RNAs for CRISPR/Cas manipulation; piggyBac transposon delivery systems; Real-time PCR analysis; Recombineering; In vitro transcription; Core maintains stock of plasmids that provide components for building constructs envisioned by investigator and provides consultative services. Provides training opportunities in the technologies described above, either as a for-credit, one semester class or on a project-related, fee-based basis.

Synonyms: Center for Molecular Medicine Genetic Technologies Core

Resource Type: access service resource, core facility, service resource

Keywords: USEDEdit, ABRF

Resource Name: University of Kentucky College of Medicine Genetic Technologies Core Facility

Resource ID: SCR_021285

Alternate IDs: ABRF_811

Alternate URLs: <https://coremarketplace.org/?FacilityID=811>

Old URLs: <https://cobre.med.uky.edu/COBRE-genetic-technologies-core>

Record Creation Time: 20220129T080354+0000

Record Last Update: 20260805T044446+0000

Ratings and Alerts

No rating or validation information has been found for University of Kentucky College of Medicine Genetic Technologies Core Facility.

No alerts have been found for University of Kentucky College of Medicine Genetic Technologies Core Facility.
