University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility

RRID:SCR_021755

Type: Tool

Proper Citation

University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility (RRID:SCR_021755)

Resource Information

URL: <https://cryoem.sites.ucsc.edu/>

Proper Citation: University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility (RRID:SCR_021755)

Description: Biomolecular facility equipped with JEOL 120kV and Glacios 200 kV with K2 Summit direct detector. Provides insights and high throughput data collection and analysis, single particle analysis, sample screening, and high resolution reconstruction., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16, 2025.

Synonyms: Biomolecular Cryo Electron Microscopy Facility

Resource Type: core facility, access service resource, service resource

Keywords: USEDit, ABRF, single particle analysis, sample screening, high resolution reconstruction

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility

Resource ID: SCR_021755

Alternate IDs: ABRF_1223

Alternate URLs: <https://coremarketplace.org/?FacilityID=1223>

Record Creation Time: 20220129T080357+0000

Record Last Update: 20260808T190658+0000

Ratings and Alerts

No rating or validation information has been found for University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility.

No alerts have been found for University of California at Santa Cruz Biomolecular Cryo Electron Microscopy Core Facility.
