Circleator

RRID:SCR_002801

Type: Tool

Proper Citation

Circleator (RRID:SCR_002801)

Resource Information

URL: <http://jonathancrabtree.github.io/Circleator/>

Proper Citation: Circleator (RRID:SCR_002801)

Description: A Perl-based visualization software tool that generates circular figures of genome-associated data. Common uses of the tool include: * Displaying the sequence and/or genes in a GenBank flat file. * Highlighting differences and/or similarities in gene content between related organisms. * Comparing SNPs and indels between closely-related strains or serovars. * Comparing gene expression values across multiple samples or timepoints. * Visualizing coverage plots of RNA-Seq read alignments.

Synonyms: Charm City Circleator

Resource Type: data processing software, data visualization software, software application, software resource

Defining Citation: [PMID:25075113](#)

Keywords: standalone software, perl

Availability: Free, Freely available, Available for download

Resource Name: Circleator

Resource ID: SCR_002801

Alternate IDs: OMICS_05206

Alternate URLs: <https://github.com/jonathancrabtree/Circleator/>

License: Artistic License, v2

Record Creation Time: 20220129T080215+0000

Record Last Update: 20260912T195546+0000

Ratings and Alerts

No rating or validation information has been found for Circleator.

No alerts have been found for Circleator.
