### Resource Information

**URL:** <http://www.phi-base.org/>

**Proper Citation:** PHI-base (RRID:SCR\_003331)

**Description:** Database that catalogs experimentally verified pathogenicity, virulence and effector genes from fungal, Oomycete and bacterial pathogens, which infect animal, plant, fungal and insect hosts. It is an invaluable resource in the discovery of genes in medically and agronomically important pathogens, which may be potential targets for chemical intervention. In collaboration with the FRAC team, it also includes antifungal compounds and their target genes. Each entry is curated by domain experts and is supported by strong experimental evidence (gene disruption experiments, STM etc), as well as literature references in which the original experiments are described. Each gene is presented with its nucleotide and deduced amino acid sequence, as well as a detailed description of the predicted protein's function during the host infection process. To facilitate data interoperability, genes have been annotated using controlled vocabularies and links to external sources (Gene Ontology terms, EC Numbers, NCBI taxonomy, EMBL, PubMed and FRAC).

**Abbreviations:** PHI-base

**Synonyms:** Pathogen Host Interaction base, Pathogen Host Interaction, Pathogen Host Interaction-Base

**Resource Type:** data or information resource, database

**Defining Citation:** [PMID:17942425](#), [PMID:17153929](#), [PMID:16381911](#)

**Keywords:** gene expression, pathogenic bacteria, virulence, infection, target site, gene, pathogen-host interaction, interaction, phenotype, pathogen, disease, host, anti-infective, nucleotide sequence, amino acid sequence, bio.tools, FASEB list

**Funding:** BBSRC BB/1000488/1

**Availability:** Free, Freely available

**Resource Name:** PHI-base

**Resource ID:** SCR\_003331

**Alternate IDs:** nif-0000-03276, r3d100011301, biotools:phi-base

**Alternate URLs:** <https://bio.tools/phi-base>, <https://doi.org/10.17616/R35D1V>

**Old URLs:** <http://www4.rothamsted.bbsrc.ac.uk/phibase/>

**Record Creation Time:** 20220129T080218+0000

**Record Last Update:** 20260912T200128+0000
