Proper Citation: GSE1456 (RRID:SCR_003642)

Description: Curated series of expression data for 159 tumors from which RNA could be collected in sufficient amounts and quality for analysis from breast cancer patients. Tissue material was collected from all breast cancer patients receiving surgery at Karolinska Hospital from 1994-1996.

Abbreviations: GSE1456

Resource Type: data or information resource, data set

Keywords: adult human, breast

Related Condition: Breast cancer, Tumor
