bioCADDIE

RRID:SCR_004018

Type: Tool

Proper Citation

bioCADDIE (RRID:SCR_004018)

Resource Information

URL: <http://biocaddie.org/>

Proper Citation: bioCADDIE (RRID:SCR_004018)

Description: Project to facilitate the construction of a Data Discovery Index. The data discovery index (DDI) is to do for data what PubMed (and PubMed Central) did for the literature. Biomedical researchers and healthcare institutions should be enabled to share their data in a way that advances science and protects privacy. They will find ways to facilitate structuring, discovery, and accessing of data without requiring people to understand complex standards that only a few specialized groups can decipher. bioCADDIE will pursue the following aims: # Provide ease in finding accessible data of interest according to disease, data modality (e.g., imaging, molecular measurements), and/or demographics through simple and intuitive computer interfaces that allow quick ranking, visualization, and summarization of data resources - this requires methods for automated indexing (i.e., creation of metadata), tools that allow free text searches, accessibility tools that decode consent requirements, etc. # Assist data producers on how to publish data for maximal discoverability and assessment of impact of disseminated data through data citation networks; and # Train data producers and data users in relevant tools related to biomedical data sharing. This will be done through online resources, workshops, and dissemination of best practices through publication of articles about data discovery in different venues (a) scholarly publications, and (b) lay press news articles.

Abbreviations: bioCADDIE

Synonyms: biomedical and healthCARE Data Discovery and Indexing Ecosystem, UCSD bioCADDIE

Resource Type: data or information resource, portal

Keywords: biomedical, healthcare, catalog, data sharing, data repository, data set

Resource Name: bioCADDIE

Resource ID: SCR_004018

Alternate IDs: nlx_158438

Record Creation Time: 20220129T080222+0000

Record Last Update: 20260808T190309+0000

Ratings and Alerts

No rating or validation information has been found for bioCADDIE.

No alerts have been found for bioCADDIE.
