CB-Commander

RRID:SCR_004237

Type: Tool

Proper Citation

CB-Commander (RRID:SCR_004237)

Resource Information

URL: <http://cb-commander.sourceforge.net/pmwiki.php>

Proper Citation: CB-Commander (RRID:SCR_004237)

Description: A plugin based software tool that tries to integrate high throughput sequencing algorithms. It allows researchers to design and execute their experiments through a user friendly interface, enabling users to integrate different components of an experiment, e.g. algorithms and converters, into one graphically interfaced application that is very easy to use when working on remote servers as well as local computers. The graphical user interface facilitates a visual design of experiments by using a block diagram to represent the components (algorithms, converters, etc.) of an experiment as a pipeline. The users can easily modify this pipeline.

Abbreviations: CB-Commander

Resource Type: software resource

Keywords: java, java swing, high throughput sequencing

Availability: GNU General Public License, v2

Resource Name: CB-Commander

Resource ID: SCR_004237

Alternate IDs: OMICS_01534

Alternate URLs: <http://sourceforge.net/projects/cb-commander/>

Record Creation Time: 20220129T080223+0000

Record Last Update: 20260912T195610+0000

Ratings and Alerts

No rating or validation information has been found for CB-Commander.

No alerts have been found for CB-Commander.
