Description: Family Science - Fun activities to do at home, on the web, in the Academy and more. The program serves San Francisco's fourth and fifth grade teachers, students and their families. The Rock Program We are excited to welcome you, your students and their families to the Enhanced Museum Visits for Students Program. Generously funded by Arthur and Toni Rembe Rock, this program is open to all 4th and 5th grade classes within San Francisco County lines. Each of the following FREE features are built into the field trip program to support and enrich the museum experience for teachers, students and families: * Bus transportation - if needed * Teacher workshops that highlight exhibit themes and educational resources (required for first time participants, optional for repeat teachers) * Educational programs designed to enhance the museum visit fieldtrip for your students * A student pass entitling each student unlimited free admission through August * A one-time free family pass with a science activity book for each student valid through the end of August.
