Full-Length cDNA Database

RRID:SCR_007666

Type: Tool

Proper Citation

Full-Length cDNA Database (RRID:SCR_007666)

Resource Information

URL: <http://fullmal.hgc.jp/>

Proper Citation: Full-Length cDNA Database (RRID:SCR_007666)

Description: Full-Length cDNA Database is a resource for cDNA libraries of arthropods and parasites. The arthropod species covered are *Anopheles stephensi*, *Glossina morsitans* (Tsetse fly), and *Dermatophagoides farinae* (House dust mite), while the parasitic species included are *Plasmodium falciparum* (Malaria), *Toxoplasma gondii*, *Cryptosporidium parvum*, *Babesia bovis* (Babesia), and *Echinococcus multilocularis*. A specialized database of each species is available as a link from the home page. This database has been constructed and maintained since 2001 by a Grant-in-Aid for Publication of Scientific Research Results from the Japan Society for the Promotion of Science. *Anopheles stephensi*, *Glossina morsitans*, Tsetse fly, *Dermatophagoides farinae*, House dust mite, *Plasmodium falciparum*, Malaria, *Toxoplasma gondii*, *Cryptosporidium parvum*, *Babesia bovis*, Babesia, *Echinococcus multilocularis*, cDNA, cDNA library, arthropod genome, parasite genome

Synonyms: Full-Length cDNA Database

Resource Type: data or information resource, database

Keywords: *echinococcus multilocularis*, *anopheles stephensi*, arthropod genome, babesia, *babesia bovis*, cDNA, cDNA library, *cryptosporidium parvum*, *dermatophagoides farinae*, *glossina morsitans*, house dust mite, malaria, parasite genome, *plasmodium falciparum*, *toxoplasma gondii*, tsetse fly, bio.tools

Resource Name: Full-Length cDNA Database

Resource ID: SCR_007666

Alternate IDs: biotools:full-parasites, nif-0000-02856

Alternate URLs: <https://bio.tools/full-parasites>

Record Creation Time: 20220129T080243+0000

Record Last Update: 20260912T200150+0000

Ratings and Alerts

No rating or validation information has been found for Full-Length cDNA Database.

No alerts have been found for Full-Length cDNA Database.
