Gene Expression in Tooth Database

RRID:SCR_007671

Type: Tool

Proper Citation

Gene Expression in Tooth Database (RRID:SCR_007671)

Resource Information

URL: <http://bite-it.helsinki.fi/>

Proper Citation: Gene Expression in Tooth Database (RRID:SCR_007671)

Description: A database of gene expression in tooth. It includes expression information on the initiation, bud, cap, bell, differentiation, and secretory stages, as well as on root development. The website also examines epithelial layers, growth factors and receptors, signaling molecules and transcription factors.

Synonyms: Gene Expression in Tooth Database

Resource Type: data or information resource, database

Keywords: gene expression, dental, teeth, tooth, FASEB list

Resource Name: Gene Expression in Tooth Database

Resource ID: SCR_007671

Alternate IDs: nif-0000-02876

Record Creation Time: 20220129T080243+0000

Record Last Update: 20260912T200150+0000

Ratings and Alerts

No rating or validation information has been found for Gene Expression in Tooth Database.

No alerts have been found for Gene Expression in Tooth Database.

Data and Source Information

Usage and Citation Metrics

We found 33 mentions in open access literature.

Listed below are recent publications. The full list is available at [SPARC SAWG](#) .
