ALVIN

RRID:SCR_009527

Type: Tool

Proper Citation

ALVIN (RRID:SCR_009527)

Resource Information

URL: <http://sites.google.com/site/mrilateralventricle/>

Proper Citation: ALVIN (RRID:SCR_009527)

Description: A fully automated algorithm which works within SPM8 to segment the lateral ventricles from structural MRI images. The algorithm has been validated in infants, adults and patients with Alzheimer's disease (ICC>0.95). ALVIN is insensitive to different scanner sequences (ICC>0.99, 8 different sequences 1.5T and 3T) and sensitive to changes in ventricular volume. Processing time is approx 10mins per subject.

Abbreviations: ALVIN

Synonyms: ALVIN - Automatic Lateral Ventricle delineation, Automatic Lateral Ventricle delineation, ALVIN - Lateral Ventricle Segmentation

Resource Type: software application, software resource

Keywords: magnetic resonance, quantification, region of interest, segmentation, software, volume measurement, volumetric analysis, volumetric analysis

Availability: GNU General Public License

Resource Name: ALVIN

Resource ID: SCR_009527

Alternate IDs: nlx_155690

Alternate URLs: http://www.nitrc.org/projects/alvin_lv

Record Creation Time: 20220129T080253+0000

Record Last Update: 20260912T200246+0000

Ratings and Alerts

No rating or validation information has been found for ALVIN.

No alerts have been found for ALVIN.
