Type: Tool

Proper Citation

MGH Musculoskeletal Imaging Research Core (RRID:SCR_009926)

Resource Information

URL: <http://harvard.eagle-i.net/i/0000012d-edef-166a-b2b9-4d8780000000>

Proper Citation: MGH Musculoskeletal Imaging Research Core (RRID:SCR_009926)

Description: Core facility that provides the following services: Magnetic Resonance Spectroscopy Service, Magnetic Resonance Imaging Service.

The Musculoskeletal Imaging Research Core (MIRC) offers specialized imaging techniques including quantitative computed tomography (QCT), magnetic resonance (MR) spectroscopy of muscle and high-resolution soft tissue MR imaging. QCT is a technique widely employed for studies evaluating body composition and bone mineral density. MR spectroscopy is a technique that allows non-invasive quantification of metabolites in human tissues.

Resource Type: access service resource, core facility, service resource

Keywords: magnetic resonance spectroscopy, magnetic resonance imaging

Resource Name: MGH Musculoskeletal Imaging Research Core

Resource ID: SCR_009926

Alternate IDs: nlx_156393

Alternate URLs:
