## UCC Neuronal Glia Culture Facility

RRID:SCR\_010078

Type: Tool

---

### Proper Citation

UCC Neuronal Glia Culture Facility (RRID:SCR\_010078)

---

### Resource Information

**URL:** <http://uccaribe.eagle-i.net/i/00000136-ca9b-b63c-a53f-a15a80000000>

**Proper Citation:** UCC Neuronal Glia Culture Facility (RRID:SCR\_010078)

**Description:** Core facility that provides the following services: Qualitative measure of neuronal death, Computerized image analysis. The goal of the facility is to assist UCC investigators in the use of cultured neurons, glias and organotypic cultures. The cultures are used for patch clamping after in vitro treatments with drugs of addiction or inhibitors and for in vitro models of neurodegenerative diseases. The core facility consists of a coordinator and a technician. Neuronal cultures are prepared from fetal cortex, hippocampus or astrocytes from cerebral cortex.

**Resource Type:** access service resource, core facility, service resource

**Keywords:** cellular assay, image analysis

**Resource Name:** UCC Neuronal Glia Culture Facility

**Resource ID:** SCR\_010078

**Alternate IDs:** nlx\_156549

**Record Creation Time:** 20220129T080256+0000

**Record Last Update:** 20260912T200327+0000

---

### Ratings and Alerts

No rating or validation information has been found for UCC Neuronal Glia Culture Facility.

No alerts have been found for UCC Neuronal Glia Culture Facility.
