Ontology for Genetic Disease Investigations

RRID:SCR_010385

Type: Tool

Proper Citation

Ontology for Genetic Disease Investigations (RRID:SCR_010385)

Resource Information

URL: <http://purl.bioontology.org/ontology/OGDI>

Proper Citation: Ontology for Genetic Disease Investigations (RRID:SCR_010385)

Description: Ontology used to model the scientific investigation, especially Genome-Wide Association Study (GWAS), to find out genetic susceptibility factor to disease, such as Diabetes. It models the genetic variants, polymorphisms, statistical measurement, populations and other elements that are essential to determine a genetic susceptibility factor in GWAS study. It must be used with other two ontologies, in the case of Diabetes, :Ontology of Geographical Region (OGR) and Ontology of Glucose Metabolism Disorder (OGMD) .

Abbreviations: OGDI

Resource Type: controlled vocabulary, data or information resource, ontology

Keywords: owl

Resource Name: Ontology for Genetic Disease Investigations

Resource ID: SCR_010385

Alternate IDs: nlx_157516

Record Creation Time: 20220129T080258+0000

Record Last Update: 20260912T195718+0000

Ratings and Alerts

No rating or validation information has been found for Ontology for Genetic Disease Investigations.

No alerts have been found for Ontology for Genetic Disease Investigations.
