### Resource Information

**URL:** <http://info.med.yale.edu/pharm/>

**Proper Citation:** Yale School of Medicine Pharmacology (RRID:SCR\_010594)

**Description:** The Department of Pharmacology at Yale University offers integrated and interdisciplinary opportunities for graduate study under the newly organized Program in Biological and Biomedical Sciences (BBS). Students entering the BBS program can take courses, participate in laboratory rotations, and perform thesis research with any of the more than 200 faculty members in the biological sciences at Yale located at the closely situated School of Medicine and Science Hill ends of campus. The faculty and students of the BBS program are organized into moderately-sized, interest-based Tracks to ensure individualized attention and maximize scientific interactions. Prospective students apply to the Track that best matches their interests, although there is complete freedom to work with faculty members in any Track or to switch Tracks after arrival at Yale.

**Synonyms:** YSM Pharmacology

**Resource Type:** data or information resource, department portal, organization portal, portal

**Resource Name:** Yale School of Medicine Pharmacology

**Resource ID:** SCR\_010594

**Alternate IDs:** nlx\_47908
