Proper Citation: BIDMC Transcranial Magnetic Stimulation Core (RRID:SCR_011022)

Description: At the Berenson-Allen Center for Noninvasive Brain Stimulation (CNBS) at Beth Israel Deaconess Medical Center and Harvard Medical School we have three distinct missions: Research, Education and Patient Care. Our research explores brain-behavior relations, brain plasticity and its modulation, employing different noninvasive brain stimulation techniques combined with careful task design, electroencephalography, and functional brain imaging. Educational efforts feature several Continuing Medical Education Courses including a week long intensive course in noninvasive brain stimulation offered 3 times per year. Our clinical program offers noninvasive brain stimulation for treatment of neuropsychiatric disorders such as depression and schizophrenia, epilepsy, and chronic pain. Clinical work also includes studies of central motor conduction time, cortical excitability, and noninvasive cortical mapping.

Abbreviations: BIDMC TMS Core

Synonyms: Beth Israel Deaconess Medical Center Transcranial Magnetic Stimulation Core

Resource Type: access service resource, service resource, core facility

Keywords: consulting, human, transcranial magnetic stimulation, transcranial direct current stimulation

Resource Name: BIDMC Transcranial Magnetic Stimulation Core

Resource ID: SCR_011022

Alternate IDs: SciEx_9461

Alternate URLs: <http://www.tmslab.org/tmscore-equipment.php>

Old URLs: <http://www.scienceexchange.com/facilities/transcranial-magnetic-stimulation-core-harvard>

Record Creation Time: 20220129T080302+0000

Record Last Update: 20260729T044259+0000

Ratings and Alerts

No rating or validation information has been found for BIDMC Transcranial Magnetic Stimulation Core.

No alerts have been found for BIDMC Transcranial Magnetic Stimulation Core.
