Proper Citation: University of Edinburgh Immunodetection and Imaging (RRID:SCR_012573)

Description: Delivering high quality immunohistochemical and immunofluorescent staining on cells and tissue sections, specialising in multi immunofluorescent colocalisation staining technologies. Equipped with three Vision Biosystems Bond staining robots Mike offers high throughput or custom antibody optimisation services. Time consuming multi colocalisation including same species primaries, are automated saving time and money. A large range of imaging platforms including three confocals, widefield, stereology, image analysis, digital photography and PALM laser capture microscopy are available. A full range of secondary antibodies and detection systems are available for purchase in ul quantities. There are currently 1900 antibodies recorded on our database.

Abbreviations: University of Edinburgh Immunodetection and Imaging

Synonyms: University of Edinburgh Small University Research Facilities Immunodetection and Imaging, University of Edinburgh SuRF Immunodetection and Imaging

Resource Type: access service resource, core facility, service resource

Resource Name: University of Edinburgh Immunodetection and Imaging

Resource ID: SCR_012573

Alternate IDs: SciEx_493

Record Creation Time: 20220129T080311+0000

Record Last Update: 20260813T055035+0000

Ratings and Alerts

No rating or validation information has been found for University of Edinburgh Immunodetection and Imaging.

No alerts have been found for University of Edinburgh Immunodetection and Imaging.
