Proper Citation: Cambridge Crystallographic Data Centre (CCDC) (RRID:SCR_014707)

Description: Institution which compiles and distributes small molecule crystallography data from the Cambridge Structural Database (CSD), a repository of experimentally determined organic and metal-organic crystal structures. CCDC also produces associated knowledge-based application software for structural chemists. Structures deposited with CCDC are made publically available for download at the point of publication or at consent from the depositor.

Abbreviations: CCDC

Synonyms: CCDC, Cambridge Crystallographic Data Center, Cambridge Crystallographic Data Centre (CCDC)

Resource Type: data repository, service resource, storage service resource

Keywords: crystallography, institutions, small molecule crystallography, crystal structure, organic crystal structure, metal-organic crystal structure, software

Availability: Publicly available

Resource Name: Cambridge Crystallographic Data Centre (CCDC)

Resource ID: SCR_014707
