Anima scripts

RRID:SCR_017072

Type: Tool

Proper Citation

Anima scripts (RRID:SCR_017072)

Resource Information

URL: <https://github.com/Inria-Visages/Anima-Scripts-Public>

Proper Citation: Anima scripts (RRID:SCR_017072)

Description: Open source scripts for medical image processing. Provides set of scripts in Python shell. These scripts use essentially tools from Anima to perform more complex series like image preprocessing, model estimation, atlas creation.

Resource Type: data processing software, image processing software, software application, software resource

Keywords: medical, image, processing, analysis, registration, atlas, diffusion, MRI

Availability: Free, Available for download, Freely available

Resource Name: Anima scripts

Resource ID: SCR_017072

Alternate URLs: <https://anima.irisa.fr>

License: AGPL v3

Record Creation Time: 20220129T080333+0000

Record Last Update: 20260912T195848+0000

Ratings and Alerts

No rating or validation information has been found for Anima scripts.

No alerts have been found for Anima scripts.

Data and Source Information

Usage and Citation Metrics

We found 14 mentions in open access literature.

Listed below are recent publications. The full list is available at [SPARC SAWG](#) .

Gaubert M, et al. (2026) Motor tract lesion mapping from the brain to the lower spinal cord in people with relapsing-remitting multiple sclerosis: exploring the association between lesion severity and functional consequences by limb. *Brain communications*, 8(3), fcag140.
