Gigwa

RRID:SCR_017080

Type: Tool

Proper Citation

Gigwa (RRID:SCR_017080)

Resource Information

URL: <http://southgreen.fr/content/gigwa>

Proper Citation: Gigwa (RRID:SCR_017080)

Description: Web tool to explore genotyping metadata by filtering it on basis of variant features, including functional annotations and matching genotype patterns. May be deployed on workstation or as data portal. Allows to feed MongoDB database with VCF, PLINK or HapMap files and provides interface to filter data in real time. Used to export filtered data into formats and features connectivity with online genomic tools and with standalone software such as FlapJack or IGV. Gigwa hosted datasets are interoperable via two standard REST APIs such GA4GH and BrAPI.

Synonyms: GIGWA, GIGWA2, Genotype Investigator for Genome Wide Analysis

Resource Type: analysis service resource, application programming interface, biomaterial analysis service, data access protocol, data analysis software, data distribution software, data management software, data processing software, material analysis service, production service resource, service resource, software application, software resource, web service

Defining Citation: [PMID:27267926](#)

Keywords: metadata, genotyping, filter, variant, functional, annotation, pattern, bio.tools

Funding: UMR DIADE and Agropolis Foundation

Availability: Free, Freely available

Resource Name: Gigwa

Resource ID: SCR_017080

Alternate IDs: biotools:Gigwa

Alternate URLs: <https://github.com/SouthGreenPlatform/Gigwa2>, <https://bio.tools/Gigwa>
