Proper Citation: Spot (RRID:SCR_018915)

Description: Open source software tool for file based localization of numerical perturbations in data analysis pipelines. Identifies components in pipeline, at resolution level of system process, that produce different results in different execution conditions.

Synonyms: Spot: File-based localization of numerical perturbations in data analysis pipelines

Resource Type: software resource, software toolkit

Keywords: Numerical perturbation, reproducibility, numerical differences, operating systems, neuroimaging pipeline stability, bio.tools

Availability: Free, Freely available, Available for download

Resource Name: Spot

Resource ID: SCR_018915

Alternate IDs: DOI:10.5281/zenodo.3873219, biotools:spottool

Alternate URLs: <https://bio.tools/spottool>
