Proper Citation: Dell: PE6950 (RRID:SCR_019830)

Description: PowerEdge 6950 rack-dense 4U is a server that delivers performance with impressive low power consumption helping organisations address increasing datacentre complexity. Featuring quad-socket, dual-core AMD Opteron processing power, it provides high performance scalability. The design of the system provides for seamless upgrades from dual-core to quadcore within the same thermal envelope. The PowerEdge 6950 server is built to handle demanding enterprise applications without stressing datacentre resources making it for large databases, server consolidation, virtualisation and migrations from costly RISC-based systems.

Resource Type: instrument resource

Keywords: Server, Instrument, Equipment, USEDit

Availability: Commercially available

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/main/PDF/SCR_019830.pdf

Resource Name: Dell: PE6950

Resource ID: SCR_019830

Alternate IDs: Model_Number_PE6950

Record Creation Time: 20220129T080347+0000

Record Last Update: 20260808T190142+0000

Ratings and Alerts

No rating or validation information has been found for Dell: PE6950.

No alerts have been found for Dell: PE6950.
