Proper Citation: Wave Surfer (RRID:SCR_021529)

Description: Open source software application for neurophysiology data acquisition and analysis. Program is based in MatLab, and evolved from earlier open source software package called Ephus.

Resource Type: software application, data analysis software, software resource, data processing software, data acquisition software

Keywords: neurophysiology data acquisition, neurophysiology data analysis, neurophysiology data, MATLAB, OpenBehavior

Availability: Free, Available for download, Freely Available

Resource Name: Wave Surfer

Resource ID: SCR_021529

Alternate URLs: <https://edspace.american.edu/openbehavior/project/wave-surfer/>

License: Howard Hughes Medical Institute

Record Creation Time: 20220129T080356+0000

Record Last Update: 20260729T044524+0000
