Proper Citation: seqinr (RRID:SCR_022678)

Description: Software R package for exploratory data analysis and data visualization for biological sequence, DNA and protein, data.

Resource Type: software resource, software toolkit

Keywords: exploratory data analysis and data visualization, biological sequence data, DNA and protein data

Availability: Free, Available for download, Freely available

Resource Name: seqinr

Resource ID: SCR_022678

License: GPL v3

Record Creation Time: 20220817T050143+0000

Record Last Update: 20260912T200301+0000
